Description

This bike tour through the Bichlach area starts at the Schwarzsee lake. Cycling on the roads towards Kitzbühel we turn left opposite the Schwarzsee train station towards Steuerberg. The road climbs up to Gasthof Steuerberg, where we join a gravel path which descends steeply on the other side. After a couple of hundred metres in the forest we turn right towards Oberndorf. Going past the Hasenberg Weiher pond, we continue along the path until we reach a paved road, where we descend down the hill towards the quarry. We join the main road at the bottom for 200m and then turn left to Oberndorf, continuing along the road into the village. Just before we reach the village centre, we turn left onto Lindenweg and follow the road up the hill to Grutten. In front of the farm, turn left at the highest point and go down over the gravel, right through a short wooded area and back onto a paved road towards Reith. Along the road is a sharp turn to the left on to a steep gravel track towards Rettenberg. Here the path passes an old farm and goes across a field into the trees, where the riding gravel becomes more technical for a short stretch. Passing the farm at the bottom we follow the road to Reith, Münchenau. By the Schloss Münchenau castle we turn left onto the main road, and left again at the turn to the Schwarzsee, bringing us back to our starting point.
